**Kinkakuji Temple (Golden Pavilion)** – This Zen Buddhist temple sits over a 'mirror pond' in a classical garden of the 'go round' style. The top two floors are covered in pure gold leaf. We welcome people on our tours with a wide variety of tastes and as such try to present an array of food to suit everyone in the group.

Our schedule of meals is designed so that you can experience the local dishes, their individual flavours as well as the different ways they are prepared and cooked throughout China and Japan. It is a time for families and friends to come together and much of family life revolves around the dinner table. Most food is eaten with chopsticks so best get practicing as cutlery is not always available at restaurants. All meals (excluding drinks) are included in our fully inclusive group tours from dinner on the day of the group's arrival until breakfast on the day of departure. No refund will be given for any meals missed due to your flight timings, or personal choice.

Chinese cuisine is one of the most influential, diverse and flavoursome culinary styles in the world with a legacy stretching back thousands of years. Often, you'll find that the local Chinese style is

very different from what you're used to at home. Dishes served in restaurants on our group tours are varied. Some will be vegetable based with meat mixed in, and a few will be meat-based. Traditionally, Chinese people cook with a lot of vegetables because meat used to be hard to come by. Dishes often come pre-seasoned with soy sauce or other sauces. Our restaurants are well aware of the western palate – there are plenty of non-spiced options. Most meals are served with plain rice on the side which is intended as an accompaniment to your meal.

Unlike the western world, Chinese people do not normally pre-heat their plates and food can be presented at a variety of temperatures, which is a typical Chinese way of doing things. When eating meals on group tours in China, you will be seated around a circular table with other tour members.

Dishes will be served in the traditional 'family style' on a lazy susan; meaning that various dishes will be laid out on a spinning turntable in the centre of the table top. These dishes are intended to be shared amongst the group – there is always more than enough to feed everybody. 'Family style' means that there is a pair of serving chopsticks for each dish which are used specifically to serve the food (please ask your server if you require a fork or spoon) and everybody will help themselves to all the dishes on the lazy susan. You will have an individual bowl, chopsticks and cup for your own use. Please be courteous and consider your fellow diners; if your favourite dish is on the other side of the table, it will make its way round to you soon! We find our customers really enjoy this sociable style of eating.

Japanese cuisine is delicious, colourful and healthy. Meals are usually served with a bowl of rice and a bowl of miso soup and consist usually of fish, pickled vegetables and meat. Japan's other main staple is noodles, most famous being Udon and Soba.

Food is an important element of Japanese culture. It is a time for families and friends to come together and much of family life revolves around the dinner table. Most food is eaten with chopsticks so best get practicing as cutlery is not always available at restaurants.

In Japan, breakfast will mostly be buffet style but may be a set-menu. Lunches are mostly pre-set options as is custom in many local restaurants. Dinner is usually buffet-style, featuring a wide selection of high-quality Japanese and Western dishes, but may occasionally be a set-menu. We usually find this style of dining suits the wide and varied tastes of our customers on tour. These are also pre-booked in advance prior to your arrival by your guides. This will provide greater flexibility and allow you to sample a broad range of local cuisines and dishes.

All beverages will be at your own expense and are readily available. Please note: if you have any dietary requirements, you must inform us before your tour starts. Your National Escort will do their utmost to cater for any special requests such as gluten free or vegetarian meals, however, people on restricted diets should expect complications.

Although most Asian countries are now quite developed, only quite recently have they started to widely accept Western guests. Western food requirements are quite far removed from Asian food requirements, and even medical reasons can be quite difficult to explain. While our ground

partners will do everything they can to cater for a wide range of dietary requirements on tour, we ask kindly for your patience and understanding that they cannot always be delivered to the standard you will be used to at home.

It is recommended that passengers with food intolerances bring snacks or additional food items with them, especially when travelling further from major cities as not all dietary requests will be met due to the limited foods available.

Please read your travel guide which you will receive with your final documents for more information about eating in China and Japan. We recommend that when it comes to Chinese and Japanese food, you stay open minded, try to be adventurous and always have a go with the chopsticks!

On some days where lots of sights are covered, dinner times may be early and your tour group may head directly to the restaurant after sightseeing without stopping at your hotel to freshen up

### ACCOMMODATION:

---

Your accommodation is selected for convenience of location, comfort or character, and can range from a business hotel in one city to a family run guesthouse in a smaller town. Hotels are generally rated as local three to four-star standard, but please note that there is no international classification system for hotels and differences in facilities and quality do exist between Australia and China and Japan. In more remote areas, accommodation may be of a lower standard and may not have all western amenities.

All group tour hotels have private western bathroom facilities, air conditioning, TV and telephone. Due to environmental regulations, not all hotels in China provide toiletries in the rooms. Plumbing and electricity supplies can be erratic and quite often the power in hotel rooms is turned off while guests are out of the room.

Please note that in Japan, hotel rooms and bathrooms are renowned for being small. Standard single rooms are usually smaller than a standard double or twin room, contain one small double bed (or one single bed), and are designed for one person to use.

In the Fuji area, hotels tend to be more traditional in style and culture. In this area, you may be asked to take your shoes off at the door and store them in a secure locker – this is very traditional Japanese culture. Please note, double bed requests can be made at time of booking but cannot be guaranteed.

If you experience any difficulty, please speak to your National Escort/Local Guide. Rest assured that all hotels used by Wendy Wu Tours are regularly inspected by our staff and our partners to ensure that standards meet your needs.

### PORTERAGE:

---

Please be aware that portorage is not included on our tours in China and Japan. You will therefore need to be able to handle your own luggage within the hotel and when using transportation like trains and coaches.

### AIRPORT TRANSFERS:

---

As we offer our customers a variety of airlines to suit your needs, clients will arrive/depart in Japan at different times during the day. Depending on the number of customers arriving/departing on the same flight as yourself, the type of transfer to your hotel/airport will vary.

You will always be met on arrival by English-speaking staff and transferred all the way to your hotel either by:

- Direct shared bus (shared with other passengers, not just Wendy Wu Tours clients),
- Shared bus plus taxi from the nearest bus stop to the hotel (maximum 5 minutes' walk),
- Chartered coach (if there are more than 8 Wendy Wu Tours passengers arriving at the same time).

On the departure day, all passengers will be met by English-speaking staff at the hotel and transfer by one of the three ways as above. For those passengers using a shared bus or shared bus plus taxi to the airport, the guide services end when they drop you off at the bus stop, and you will need to check in at the airport on your own. If you have paid extra for a private transfer, the above does not apply.

You will meet your national escort at the welcome dinner or, if arriving late, the following morning after breakfast at the welcome meeting.

Please ensure your Wendy Wu Tours luggage tag is visible on your suitcase/hand luggage, as this may also assist your guide in identifying you. If at any stage you are unable to locate your representative, please contact our Japan ground operator on the number included in your final documents.

### TRANSPORT:

---

**Coaches:** Coaches with air conditioning are used on our group tours for city sightseeing, short excursions to the countryside and longer transfers where necessary. Roads in China have generally improved over recent years, but traffic and/or weather conditions may extend driving times. Road construction work usually covers an enormous section of road – not just 1-2 kilometres as you may be used to. For this reason, the timings listed in the itinerary are approximations only. There may be sections of road where the surface is comparatively bumpy, but our drivers will do their utmost to lessen the impact. Roads in Japan are extremely well maintained and are comparatively smooth compared with the rest of Asia.

**Planes:** Internal flights are based on economy class, with reputable airlines. Internal flights during your tour are arranged locally, so you will not be given a ticket until your guide helps you check in.

**Bullet trains:** On this tour, you will take several high-speed train journeys. Second-class soft seats with air conditioning is used in China. For train journeys in China you must ensure that you pack liquids, aerosols and gels/lotions in your hand luggage as per recent regulations. The National Escort will inform you of specific details prior to boarding. The train companies have implemented a policy which does not allow passengers to carry inflammable liquids including aerosols, styling gel, compressed air or insecticides; any explosives, magnetised material, knives, scissors or sharp items (medication is fine). Bag checks are conducted randomly and any of these items may be confiscated before boarding the train (in hand luggage or main luggage). In Japan, second class reserved seats are booked for our groups on bullet trains; there will be toilet facilities on board. Due to the limited space on bullet trains, a separate luggage transfer service will be arranged for all suitcases. In some cases, you will need to pack a separate overnight bag to carry on the train as your suitcase will not arrive until the following day after a bullet train journey. You guide will indicate when you will need to prepare for this throughout your tour.

### DEVELOPMENT IN CHINA AND JAPAN:

---

Though parts of China match the west in modernity and technological advances, it is important to remember that parts of China are still developing and as such, many aspects of tourism in China do not have the solid infrastructure and safety standards as seen here in the west.

Japan is a developed country and as such matches the West in modernity and technological advances. Japan is an extremely safe country and takes great responsibility in maintaining high safety standards.

### GROUP SIZE:

---

Most of our groups consist of 10 travellers or more and will be accompanied by a national escort. There will usually be no more than 28 travellers in each group although you may encounter other Wendy Wu tour groups while you are travelling.

All our departures are guaranteed to operate with a minimum of 8 travellers booked (unless cancelled due to factors beyond our control). A national escort will accompany each group of 10 or more. However, at our discretion we may operate departures with a smaller group size as we try to operate advertised departures wherever it is viable to do so.

### **TIPPING POLICY:**

---

Tipping while on holiday is common in most parts of the world and China is no exception. However, it is not always clear who it is appropriate to tip and how much. Furthermore, travellers may not have the right amounts of cash available at the right time. In order to avoid any inconvenience, Wendy Wu Tours operates a tipping policy where a stated amount is given to your National Escort at the beginning of your tour and tips are disbursed to local guides and drivers throughout your tour. The amount is designed to be at a reasonable level for travellers while being fair to the local people and includes a gratuity for the National Escort.

If you are travelling in a smaller group with local guides only, then tipping is paid in each destination. To be fair to the guides we ask for slightly higher amounts per traveller with small groups.

We generally find that most customers appreciate the convenience of our tipping policy but we do recognize that it may not suit everyone. However, as this is a group tour we ask that everyone follows the same protocol to be fair to other group members and to ensure smooth operation of your tour.

Although tipping in Japan is not customary, if you feel you have received an excellent service, please feel free to tip your guide at your discretion.

### **CULTURAL DIFFERENCE JAPAN:**

---

Japanese society and culture are built on intricate social etiquette and customs. As foreigners, we are not expected to be knowledgeable about all etiquette, but it will make your time in Japan more enjoyable if you are respectful of local customs. Some examples of scenarios you may encounter include removing your shoes and hats when entering a temple or house (some restaurants as well). You may be supplied with slippers at some places, but please come prepared with plenty of spare socks, and shoes that are easy to take off for the fairly regular occasions when they must be removed. Your National Escort will advise you of some of these other customs at the beginning of your tour.

### **PUBLIC HOLIDAYS:**

---

If you are travelling within the below Public Holidays, please note that celebrations can last a several days and during these times some businesses will be closed. Coach, air and train travel may also be affected. Tourist attractions will be open; but may be crowded.

China: Chinese New Year is from 28 January – 4 February 2025 and 17 – 23 February 2026. Golden Week public holidays fall annually between 29 April – 3 May and 30 September – 7 October.

Japan: Showa Day is on 29th April every year, 'Golden Week' public holidays fall annually at the end of April/beginning of May, Constitution Memorial Day is on 3rd May, and Emperor's Birthday is on 23rd February every year.

### **SOUVENIRS:**

---

We want to be able to give you an opportunity to buy souvenirs, so we include some stops at museums or exhibitions which demonstrate a craft or product unique to that region with pieces available to buy. We understand that souvenir hunting is not for everyone, so we aim to take you to places, which hold local interest. We trust you will enjoy these opportunities to learn about local arts and crafts and understand their historical and cultural importance.

### **LUGGAGE:**

---

All travellers are limited to two items of luggage each: a suitcase with a maximum weight of 20kg and one piece of hand luggage with a maximum weight of 5kg. It is essential that your luggage is lockable. In general, we recommend packing only as much as you can lift as you will need to carry your own luggage on and off trains. Please note that authorities will only allow bottles onto the aircraft if they have been checked in as main baggage. Bottles in hand luggage may be confiscated.

### **PERSONAL EXPENSES AND OPTIONAL TOURINGS:**

---

Personal Expense - You will need to take some extra money to cover drinks, laundry and souvenirs, plus any additional sightseeing that may be offered to you. Based on the advice of previous customers an approximate amount of AU\$300 per person, per week should be sufficient; however, for those that cannot resist a bargain, consider allocating a higher amount.

It is highly recommended that extra care and attention is paid when exchanging money when travelling to different cities. We suggest exchanging your money before travelling to smaller towns, as exchange facilities can be very limited. Your National Escort will remind you to do this before departure.

### **CLIMBING STEPS:**

---

Sightseeing at nearly all the palaces, fortresses and some temples involves climbing quite a number of steps. These palaces were built to provide defense against potential invaders so nearly all of them stand on top of a hill, while the interiors have layers of narrow hallways and steps to slow down the advance of enemies once they were inside. The steps tend to be quite large, not level and sometimes without handrails. Buddhist temples or pagodas also tend to be built at an elevation, as this is the most auspicious position according to ancient beliefs. This means you sometimes need to walk from the bus park to the entrance, and/or need to climb some steps inside.

People with knee or hip injuries who have poor balance or are otherwise unable to complete these activities independently should consider the suitability of this itinerary carefully.

### VACCINATIONS AND YOUR HEALTH:

---

We recommend that you contact either your GP or Travelvax (1300 360 164) for advice on vaccinations and travel health. Travelvax has a comprehensive website that you may also find useful [www.travelvax.com.au](http://www.travelvax.com.au)

### BEFORE YOU LEAVE:

---

You can also access the Australian Government's travel advisory service for up to date information about your destination on the same website.

### AFTER YOUR BOOKING:

---

Once you have booked with Wendy Wu Tours, you will receive a confirmation invoice including a visa application form (if applicable), and a help sheet. Your final documentation pack will be sent to you approximately 2-3 weeks prior to departure.
